

EMOTIONAL VINDICTIVE “NEWS” LETTER

The administrative board of the Southern African Catholic Bishops' Conference noted in August 1988 that Aida Parker's vitriolic campaign against the Church, is an extreme example of those who judge ideologies contrary to the gospel but refuse to judge our political system by the same yardstick. "Her reasoning is simplistic and her argument is emotional and vindictive.

"We (the bishops) reaffirm the values of God's kingdom of truth, justice and love...our belief in the dignity of all human beings who are created in the image and likeness of God.

"To all those who attempt to destroy our credibility by devious and slanderous means, we say: You will not deter us from our path. We will continue to preach the gospel in season and out of season."
