

SACBC STATEMENT ON THE RELEASE OF POLITICAL PRISONERS

(11/6/91)

The SACBC is saddened by what appears to be bureaucratic snarl-up that is preventing the release of the remaining political prisoners. It is now thirteen months after the Groote Schuur Minute. Ten months after the Pretoria Minute and six weeks after the expiry of the release deadline, we fully support the idea of an independent body being called to assist the Government with the urgent release of all political prisoners so that the entire negotiating process is not further delayed to the detriment of all.
