

## **SUPPORT FOR TRADITIONAL LEADERS**

On 24/9/90) the Southern African Catholic Bishops' Conference extended its prayerful support to the Congress of Traditional Leaders of South Africa (Contralesa).

The Conference has always supported dialogue as a means of solving the troubles of our strife-torn country and said: "May Contralesa promote the cessation of feelings of hatred, fear and confusion among our people and implant seeds of love and hope in their hearts.

"May God be with you and all other leaders who are working for peace through justice."
